

PHON D. SUTTON TO WATER USERS RENTAL/SHUTTLE SERVICE MAP & KEY

DESCRIPTION:

- River path from Water Users to Phon D. (approx. 3 hours)
- Shuttle for personal equipment (Phon D. to Water Users)
- Meet and park your car at Phon D. Sutton recreation site. (parking pass NOT included)
- Place your kayak or paddleboard in our shuttle trailer.
- Get in shuttle and enjoy your ride up river to Water Users recreation site.
- Unload your equipment and launch on the river. Your car is waiting for you at Phon D. Sutton

Available End of Spring/Summer/Beginning of Fall

- The beginning portion of the river is seasonal. Each Fall, the Stewart Mountain Dam reduces the amount of water being released which causes the river level to decrease, making it unsuitable for rafting and other water sport activities.
- The following Spring, the dam increases the amount of water released, making the water level suitable for rafting and other water sport activities.
