

# CANYON & CLIFFSIDE SAGUARO LAKE KAYAKING MAP & KEY

## DESCRIPTION:

Canyon & Cliffside Saguaro Lake Trip (2 hours or 3 hours for our extended lake trip)

- Meet and park your car at Saguaro Lake Ranch.
- We will shuttle you and the equipment to Butcher Jones Recreation site.
- We will launch you at the beach on the lake and that is when your 2 hour or 3 hour adventure begins.
- Meet us back at the beach where you launched and we will then shuttle you back to the ranch

## Available End of Fall/Winter/Beginning of Spring

- We offer this kayaking trip when the beginning portion of the river (from the ranch down to Phon D. Sutton) is not operational for kayaking and other water sport activities. Each Fall, the Stewart Mountain Dam reduces the amount of water being released which causes the river level to decrease.
- This trip is not available once the full river is operational for water sports.
