

# GUIDED KAYAKING ON SAGUARO LAKE MAP & KEY

## DESCRIPTION:

Guided Kayaking/Paddleboarding on Saguaro lake (2.5 hours)

- Meet and park your car at Saguaro Lake Ranch.
- Your guide will shuttle you and the equipment to Butcher Jones Recreation site.
- We will launch at the beach on the lake and that is when your 2.5 hour guided adventure begins.
- Your guide will show you around the lake, educate you on the surroundings, and take you to some amazing sites on the water,

## Available End of Fall/Winter/Beginning of Spring

- We offer this guided kayaking trip when the beginning portion of the river (from the ranch down to Phon D. Sutton) is not operational for kayaking and other water sport activities. Each Fall, the Stewart Mountain Dam reduces the amount of water being released which causes the river level to decrease.
- This trip is not available once the full river is operational for water sports.
