Champagne Toasts, Table Side Wine Service and Beer Burros

If you plan to include beer burros as part of your event, please note that beer must be purchased separately in bulk for this feature. Beverages included in our standard bar package may not be used for beer burros due to our liquor license and liability agreement with our bartending service.

Similarly, if you would like to offer a champagne toast or have wine poured table-side during dinner, you will need to coordinate with your caterer or hire additional service staff, as Saguaro Lake Ranch does not provide staffing for this type of service. All wine or champagne intended for table-side service must be purchased in bulk.

These policies help us ensure we remain in compliance with our licensing and uphold the standards of safety and service for all events.
