

# GRANITE REEF TO PHON D. SUTTON SHUTTLE SERVICE MAP & KEY

## DESCRIPTION:

- Shuttle for personal equipment (Granite Reef to Phon D.)
- Meet and park your car at Granite Reef recreation site. (parking pass NOT included)
- Place your kayak or paddleboard in our shuttle trailer.
- Get in shuttle and enjoy your ride up river to Phon D. Sutton recreation site.
- Unload your equipment and launch on the river. Your car is waiting for you at Granite Reef

## Available End of Fall/Winter/Beginning of Spring

- We offer this kayaking trip when the beginning portion of the river (from the ranch down to Phon D. Sutton) is not operational for kayaking and other water sport activities. Each Fall, the Stewart Mountain Dam reduces the amount of water being released which causes the river level to decrease.
- The Verde River keeps the river flow from Phon D. Sutton to Granite Reef at levels that are suitable for water sports year round.
